I think it is an exaggeration, but let me confirm the precise amount. The issue is that the grant withholding/redistributing would apply annually, so I think million starts becoming plural in about five years.

Hi Steve,  
Oregon claims it will lose millions of dollars if the program is disapproved. Is that an exaggeration? It is actually more like a 400K loss of grant money?

Kevin,

I'm attaching the "proposed" decision document (the FR notice just announced its availability and that we were taking public comment on it), as well as comments submitted by the Oregon Forest Industries Council.

Thanks,

Steve
